

Project 1

“ BADMINTON
COURT
APPLICATION”

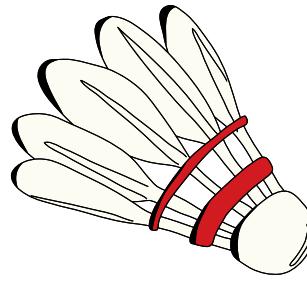

Presented by:
Noornajwa Amirah Binti Zakaria

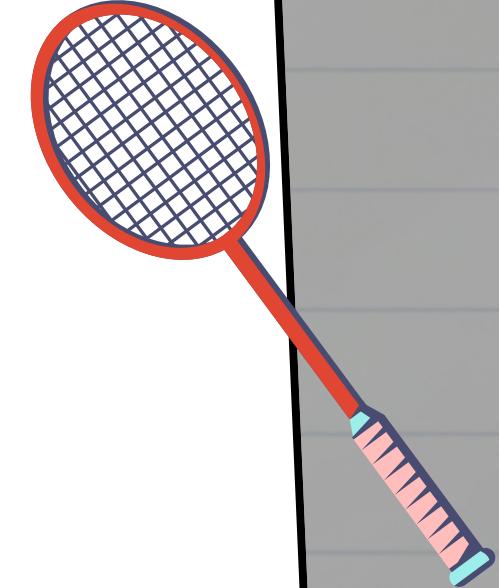

Project Overview

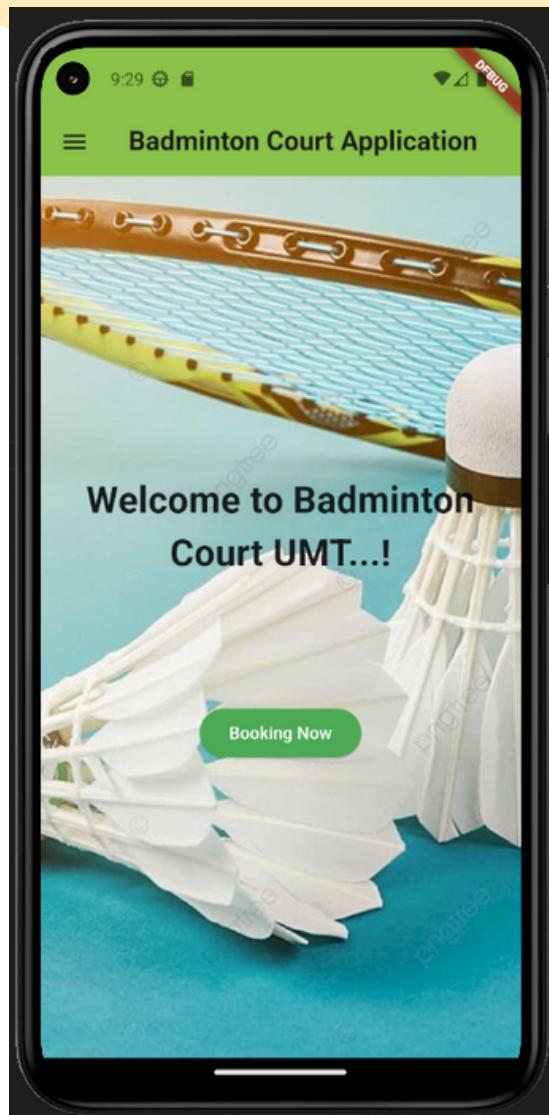

- The Badminton Court Application aims to improve the convenience of Universiti Malaysia Terengganu (UMT) students by offering a seamless and efficient platform for reserving badminton courts.
- This application enables students to manage their time effectively, ensuring they can plan their badminton sessions around their busy academic schedules.
- By allowing students to book badminton courts, the application helps optimize the use of these facilities, preventing overcrowding and reducing wait times.
- Designed with a user-friendly interface, the application makes it easy for students to navigate and reserve badminton courts.

Conclusion

In summary, this Badminton Court Booking Application helps students easily book badminton courts online, specifying dates, times, and durations. This not only benefits UMT students but also contributes to the efficient management of UMT's facilities. The app streamlines the process, preventing conflicts over court availability and ensuring a smooth and orderly experience for the entire university community.
